INTRODUCTIO

Indices generales Commentariorum *Notitiae*, multum petiti diuque expectati, complectuntur undecim priora volumina hucusque edita (1965-1975), temporis scilicet intervallum quod de facto universam amplectitur actuositatem « Consilii » et S. Congregationis pro Cultu Divino.

Patet huiusmodi Indices sibi proponere instrumentum esse materiale et practicum quo quis diem, nomen, studium, notitiam facile inveniat. At hoc commune est omnibus Commentariis. Rationes vero exstant nostro peculiare. Undecim enim hisce annis, Commentarium diversa sibi proposuit consilia. Primo quidem resonantiam directam offerre voluit actuositatis « Consilii » et S. Congregationis pro Cultu Divino, tempore quo liturgica instauratio est parata, et brevi ad effectum deducta. Simul tamen et studia atque dissertationes edidit ad argumenta maioris momenti huius instaurationis declaranda, quae ad Missale, ad Ritualia, ad Liturgiam Horarum spectant; pariterque responsiones praebeuit et solutiones auctoritate indicavit quaestionibus de re liturgica et pastoralis quas ipsi lectores proponebant. Hac de causa, etiam lector qui veloci oculo singulos fasciculos percurrerit, utpote qui ex factis et rerum adiunctis semper novis exsurgerent, imaginem sibi efformare potuit e variis partibus invicem coniungendis compositam, speculum fidele actuositatis redundantis et sine fine sese renovantis in servitium Ecclesiae eiusque precationis.

Post undecim igitur annos, qui periodum magni momenti magnaeque intensionis includunt in processu liturgicae instaurationis, necesse erat visionem offerre quae imaginem completam materiae atque methodum eam adhibendi lectori sineret sibi efformare, ita ut idem lector facile posset se locare coram varietate tam grandi huius prospectus.

Sed praeter has rationes ordinis practici, perutile erat retro aspicere ad iter, post ascensum, aestimandum, et ad paulum interquiescendum.

Hoc modo, conspiciere licet exitum difficilis patientisque laboris, felici exitu coronati, eorum omnium qui liturgicae instaurationi operam dedebunt, clare sese exprimi primo longa elencho novorum librorum officialium liturgiae latinae.

At, si quis hos Indices attente perscrutaverit, libenter quoque percipiet influxum huius laboris quantum ad nationes, linguas, populorum ingenium atque spiritualitatem spectat: Indicum enim locutiones, quamvis aridae nec ulla variatione delectatae, laborem conspiciere sinunt populi immensi,

populi scilicet Ecclesiae Romanae, qui, votis obsecundas Concilii Oecumenici Vaticani II, suam vitam orationis renovare contendit. Principia enim de liturgia intellegibili, participata, actiosa, intellegenti et fructosa modo vitali incarnata iam inveniuntur in textibus ac ritibus sagacitate ac prudentia aptatis. Decreta vero atque indulta nationibus, dioecesibus, religiosis familiis concessa, resonant liturgiam a sede quidem romana inspiratam, sed singulorum necessitatibus aptatam, progressive implantari.

Modicus hic Indicum generalium liber signum est clarum transitus a liturgia latina typica ad eiusdem necessariam aptationem communitatibus vivis, per universum orbem dispersis. Prudens lector transitum in eo conspiciet e preterito ad futurum, qui per tempus praesens laboriosum occurrit, simulque fidelem imaginem contemplabitur Ecclesiae orantis seseque rerum ac temporum adiunctis incessanter accommodantis, cum ipsa vivens sit semperque progrediens vocique Domini sui oboediens.

DECLARATIO RATIONIS QUA SINGULAE INDICUM PARTES REDACTAE SUNT

I. ACTA SANCTAE SEDIS

Materia hac parte contenta, praesertim quando amplior est, ordine systematico proponitur sub titulis qui partes maioris momenti exprimunt; sub quolibet vero titulo res ordine chronologico disponuntur.

II. DECRETA CONFIRMATIONIS ET CONCESSIONIS

A) *Nationes et Regiones*

Nominibus ordine alphabetico dispositis, materia singula eorum respiciens quinque sectionibus partitur quae litteris, in margine positis, indicantur, hac ratione:

A = Decretum typicum, seu concessioniones generales, praesertim circa usum linguae vernaculae, initio instaurationis liturgicae factae: cf. 1 (1965) 9.

B = Calendarium vel aliquae celebrationes magis propriae.

C = Ea quae Missam respiciunt, hoc ordine distributa:

— Ordo lectionum Missae.

— Ordo Missae in genere, vel eius partes, prouti sunt praefatio, Canon Romanus, Preces Eucharisticae.

— Partes euchologicae, vel partes cantus aliusve generis in Missali exstantes.

— Aliae concessioniones in re magis disciplinari vel rubricali, ex. gr. circa Communionem sub utraque specie, vestes liturgicas, Missas votivas, etc.

D = Ea quae ad cetera Sacramenta et ad Sacramentalia spectant.

E = Ea quae Liturgiae Horarum sunt propria, sive ad Breviarium Romanum ante instaurationem respicientia, sive de Liturgia Horarum instaurata agentia.

F = Aliae concessioniones ad rem liturgicam magis vel minus directe spectantes, prouti sunt Patronorum declarationes, tituli basilicae minoris concessioniones, aliquae celebrationes extraordinariae, etc.

Sub qualibet sectione res ordine chronologico exhibentur, ita ut, ex ipsa lectione textus, et ipsi gressus instaurationis liturgicae perspiciantur.

Cum vero agitur de ritibus sacramentalibus instauratis, electa est successio Sacramentorum ordine tradito, nisi utilitas componendi duas vel plures res, ad immodicam numerorum copiam vitandam, aliud exegerit.

Litterae autem in margine positae eae tantum inveniuntur quae respiciunt sectionem de qua exstat materia, ceteris omissis.

Cum vero in ambitu alicuius Nationis vel Regionis plures habentur linguae in celebratione liturgica usitatae, hae ordine alphabetico separatim ordinantur, rebus ad singulas spectantibus sub qualibet earum indicatis.

B) *Dioeceses*

Ordine alphabetico, iuxta « nomina Curiae » proponuntur, materia ut supra disposita. At, cum res raro sint molis tam grandis, uti evenit sub nominibus Nationum, litterae marginales omittuntur.

C) *Religiosi et Religiosae*

Singula Instituta seu Congregationes perquirantur sub appellativo magis communi seu populari, vel sub appellativo tituli, mysterii, sancti quae ipsum Institutum seu Congregationem indicant, omissis semper verbis communibus prouti sunt Congregatio, Institutum, Ordo, itemque verbis secundariis prouti sunt Ancillae, Filiae, Fratres, Sorores, etc. Utilitatis causa, aliquando et voces auxiliares, quae ad vocem principalem remittunt, proponuntur.

Materia iisdem sectionibus ac supra partitur, attamen litterae marginales minime ponuntur.

III. INDEX NOMINUM ET RERUM LITTERARUM ORDINE DISPOSITUS

Prouti natura ipsa huius Indicis innuit, in eo inveniuntur ea quae singula argumenta respiciunt, nominibus sive personarum sive rerum unico alphabetico ordine dispositis. Cum plures rerum indicationes sub eodem nomine exstant, hae ordine systematico disponuntur, hac ratione: praecedunt Acta Sanctae Sedis; sequuntur studia, interpretationes, declarationes circa eadem documenta; ac demum notitiae, indicationes bibliographicae, relationes actuositatis aliaque huius generis accedunt.

SACRA CONGREGATIO PRO INSTITUTIONE CATHOLICA

ENCHIRIDION CLERICORUM

DOCUMENTA ECCLESIAE
FUTURIS SACERDOTIBUS FORMANDIS

Il Sacerdozio Cristiano, che è nuovo, non può essere concepito se non sotto la brillante luce della novità di Cristo, il Sommo Pontefice ed Eterno Sacerdote, il quale ha istituito il sacerdozio per essere esercitato dai Suoi Ministri come genuina partecipazione dell'unico sacerdozio di Se stesso. PAOLO VI

Dalla Prefazione:

Poiché è trascorso un periodo assai lungo dal tempo in cui ENCHIRIDION CLERICORUM fu pubblicato per la prima volta (1938), è sembrato opportuno prepararne una nuova ed ampliata edizione. Questo è suggerito infatti sia da richieste manifestate più volte da varie parti, sia dalla singolare utilità e convenienza della cosa in sé, la quale chiede che gli educatori dei futuri sacerdoti ed in genere tutti coloro che vogliono conoscere e studiare le questioni del sacerdozio e della formazione sacerdotale più da vicino alle fonti stesse, possano avere nelle mani e facilmente consultare tutti i documenti della Chiesa a questo riguardo raccolti insieme.

Volume formato cm. 16×21,5; pagine LXIII-1566 con Indice generale, Appendice ed Indice. Copertina rigida in cartone e tela celeste con impressioni in oro sul piatto superiore e nel dorso. - Prezzo L. 25.000.

Quale è l'incidenza della popolazione cattolica nei confronti della popolazione globale del mondo d'oggi? Si avverte una tendenza ad un aumento del numero dei cattolici, oppure la crescita naturale della popolazione mondiale restringe l'area del campo cattolico? Come si presenta oggi il problema delle vocazioni su scala mondiale e nei singoli paesi? La scienza dei numeri dà una risposta sorprendente.

Quale è il numero delle persone (sacerdoti, diaconi, religiosi non sacerdoti e religiose) che partecipano all'attività apostolica? Quale la loro ripartizione su scala mondiale? Quale la loro proporzione nei confronti della popolazione totale e della popolazione cattolica? Quali i paesi e i continenti che hanno a disposizione più soggetti dediti all'apostolato e quali sono i più deficitari in questo settore? I candidati al sacerdozio diminuiscono realmente, oppure la curva tende al rialzo?

Il Santo Padre accogliendo l'omaggio dell'*Annuario Statistico* 1973 così si esprimeva: « ... Faccio voti che la loro opera accurata e paziente possa giovare ad una migliore conoscenza ed all'incremento della grande e benedetta compagine umana della Chiesa pellegrina verso il regno dei cieli » (Novembre 1975).

L'evento dell'Anno Santo, « catalizzatore della nostra spirituale attenzione » — come ebbe a definirlo plasticamente il Santo Padre — caratterizza l'annuale volume *Insegnamenti di Paolo VI*. A questo tema eminentemente religioso si riporta costantemente il magistero del Sommo Pontefice: una scorsa all'esteso panorama, che il volume abbraccia, permette di rilevarlo agevolmente. I valori proposti alla coscienza cristiana dall'Anno Santo ritornano nella predicazione del Papa come stelle fisse, alla luce delle quali trovare la giusta rotta per la soluzione dei più diversi problemi umani: da quelli della cultura, della scienza, dell'arte, a quelli del progresso economico, politico e sociale; dai problemi connessi con le relazioni internazionali, a quelli posti dalle essenziali collaborazioni nei diversi settori della convivenza civile; il tutto nella prospettiva di un servizio, umile e coraggioso ad un tempo, alla causa della giustizia e della pace.
